How to use these books:

Color and laminate cover pages in advance if you would like to have them ready for the year. As you introduce a letter to the class, students write the letter and think of a word that begins with that letter. They sound out the word to write it in the sentence frame and illustrate their sentence. Then bind the pages with the cover to make a class book for each letter. These become a great resource for students to refer back to throughout the year and they LOVE to choose them for reading in their personal book boxes.
