HOW TO USE THESE EXIT TICKETS

These exit tickets were designed to use with any text you choose. This may be a class read aloud, a book you read to a small group, or a book students read independently as part of their guided reading group.

Kindergarten Standards RL.K.1-RL.K.3 and RL.K.6-RL.K.9 all state that students exhibit evidence of the standard “with prompting and support.” This means that students shouldn’t be expected to show evidence of the standard independently all the time. You may provide verbal prompts with the level of support fading slowly until students can accomplish the task independently.

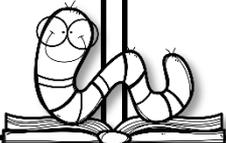

It may also be necessary, depending on students’ writing abilities, to have students dictate their response or explain their response more in depth in order to gauge their true understanding of a concept.
